to carry out a suicide attack, and I answered in the negative, and after the death of my friend Taisir Yusef Shahab at the hands of the army, Naif Abu Sharah, aged about 40, a resident of the old city of Nablus, married, known as "Abu Fathi", an Al Aqsa Martyrs operative, approached me. Naif Abu Sharah asked me to bring a suicide bomber for him, and at first I answered that I would not and I said that I was not interested in getting involved in these things, because I was married and had a boy. Naif started to convince me and told me that my friend Taisir had been killed by Israel. I told Naif that in the past somebody approached me and offered me a suicide bomber, and therefore I would check the matter out with him; Naif asked only to put him in contact with the man and I applied to Samer Akuba and asked him whether he had a suicide bomber whom he suggested to him a month earlier. Samer answered yes, and I asked for the details of the suicide bomber and asked to see him from a distance; Samer told me that the name of the suicide bomber was Mohamed Aliwi, a resident of Yasmina, Nablus. Samer led me next to the restaurant in Nablus at which Mohamed worked and I saw Mohamed from a distance, and I said to Samer that it would be secret, and Riani intends to hand over the suicide bomber to another operative, and I called Naif Abu, whose number I just do not remember, and I said to him where the person was, Naif said that he would contact me in another two hours, and after an hour and a half Naif arranged a meeting with me next to "Bab Alsakha" in the old city, Naif and I met and I told Naif the details of Mohamed Aliwi and where he worked, and I said to Naif that that was the end of my role, and then Naif said to me that I must sit with Mohamed Aliwi to check whether he was serious about carrying out the attack and prepare him for the attack, and then Naif said to me that I was responsible for this suicide bomber, and therefore I agreed to meet Mohamed Aliwi. Naif asked for the details of the suicide bomber and the details of the man who had found him, and I told Naif the name of Mohamed Aliwi and the name of Samer Akuba, and Naif asked him to meet Mohamed Aliwi and asked me for his identity card.

Question: Did you meet Mohamed Aliwi and what happened?

Answer: On the following day I met Samer Akuba and asked him to have me meet Mohamed Aliwi and we arranged to meet at 4:00 p.m. in the home of Samer's sister "Um Rami", married to Sami Zaabub, who works in a café in Ramallah.

Answer: On the following day at 7:00 p.m., Amar Samhan called me and asked me to come to Nasser Street and I came and met Amar Samhan and Naif Abu Sharah. Naif gave me 340 shekels and asked me to transfer this money to Mohamed Aliwi and ask him to have his hair cut and buy clothes in preparation for departing for an attack and have his photograph taken, one large picture and four small ones, and to write a will. I went to the restaurant where Mohamed works and he was alone, at 10 p.m. I gave him the money according to Naif's request, and I told him that I would meet him the following day at the restaurant in order to tell him when he would go out for the attack. Mohamed told me that he did not want to work the next day, and therefore we arranged to meet the next day at 2:00 p.m. at the "Zait Vezaatar" Restaurant. On the following day at 12:00 p.m. I called Naif and asked him about the time of the attack in order to inform Mohamed about it. Naif said to me that I must meet him on Sunday or on Thursday, I do not remember, and on the following day at 2:00 p.m. I met with Mohamed Aliwi at the "Zait Vezaatar" Restaurant, and Amar Samhan was with me, and we saw that Mohamed had not yet prepared himself for the attack, that is, a haircut and buying clothes. I asked him to prepare himself and come to the "Zait Vezaatar" Restaurant at 6:00 a.m., and in the evening Amar and I arrived at the "Zait Vezaatar" Restaurant and there we met Amar Aliwi. We asked him to prepare himself and we asked him to come to the "Zait Vezaatar" Restaurant on the following day at 6:00 a.m. At night, at 10:00 p.m., I met with Naif Abu Sharah and Amar Samhan in the old city, and he said to me that tomorrow at 4:00 a.m. they would wake me up in order to bring the two suicide bombers, Mohamed Aliwi and Amar Abu Shaaban at 6:00 a.m. to the "Zait Vezaatar" Restaurant, and that they would tell me where to take them to, and that Naif Abu Sharah would bring the explosive bag to the meeting place. Naif asked me to sleep with Amar Samhan, and we slept on the roof of an abandoned house in Jebel Shimali. At about 4:00 a.m. we saw that the army had entered the old town, at 4:30 a.m. the army departed from there, and Naif Abu Sharah called me and asked to meet me and Amar at "Bab Alsakha" at 5:00 a.m. Amar and I arrived for the meeting and we saw that Naif Abu Sharah had been injured in his neck when he fell while fleeing from the army, and Naif said to me that he wanted to take the two suicide bombers to the western part of Nablus and equip them with explosive bags, but because of the entry of the army he had decided to transfer the place.

Naif asked me where to equip the two with the explosive bags and Naif asked to use my grandfather's home in Hitin Street in Nablus, and I agreed and gave the key to the apartment to Naif, and after that Naif called a man who is not known to me and told me at the end of the call that he would come to my grandfather's home with the bags, and because Naif did not feel well because of his fall, he said to me that he would instruct me on how to activate the explosive bags, and then I would teach the two suicide bombers, Amar and Mohamed, Naif asked Amar to go to the Zait Zezaatar Restaurant and bring the two suicide bombers from there, and asked me to wait in my grandfather's home until he would arrive with the two explosive bags. After 15 minutes, Naif called me and asked me to come to my grandfather's home and after some minutes I came to the apartment and met Naif there, who had a cardboard box with him, and he asked me to take out the two explosive bags from the cardboard box and put them on the floor. The description of the bags: they were black, of the same size, with a strap that is worn over the chest, in the center of the strap there is a pocket for a mobile phone and in the rear there are two zippers. The large compartment at the back contained the explosive device and the small zipper had a connection to batteries and there is a red ON-OFF activation button that is in the pocket that is designed for a mobile phone, and there is a loop of cellophane tape to prevent inadvertent pressing of the activation button. Each bag weighs about 5-6 kg, Naif Abu Sarah instructed me on how to activate the explosive device and to tell each suicide bomber to connect two square batteries to their leads in the small pocket when they were in the middle of the way, and Naif asked me to tell the two suicide bombers to carry out the attack together at the same place, at a distance of 100 meters from one another, and at the end, Naif and I left the apartment and I locked the apartment and Naif went to Bab Alsakha and I wanted to go to Zait Zezaatar. On the way I saw Amar Samhan arriving at the apartment, and Mohamed Aliwi was with him. Amar told me that Amar Abu Shaaban had not arrived and asked me to go and wait for Amar at the "Zait Zezaatar" Restaurant, and I gave Amar the key of my grandfather's home and waited for Amar for half an hour, but Amar did not turn up. And after half an hour Amar came to me and left Mohamed in Grandpa's apartment, and we waited for another half hour, and I called Jihad Abu Salha, who found Amar ~~Aliw~~ Abu Shaaban in order to find him and bring him, and we told Jihad that we needed Amar outside

After half an hour, Jihad called me and told me that Amar was with him, and I asked them to come next to the Alabadi Cinema. Amar said that he had not woken up in time and was therefore late, and I took Amar to my grandfather's apartment, and Amar stayed with Jihad and they talked with each other so that Jihad would not see the apartment. After 5 minutes, Jihad came to the apartment, and Amar asked me to go out and buy sandals for Amar, because he was wearing slippers, and I did so, and then when I returned, Amar said that he did not have time to bring his pictures from the studio. Amir asked for the receipt from Amar and said that he would have the pictures brought from there, and after that Mohamed wrote Amar's will, because he could not write, and I taught Amar and Mohamed how to activate the explosive devices, and I asked them to put together the batteries in the middle of the road. And after that Amar Samhan gave Amar 600 shekels and gave 200 shekels to Mohamed and Amar gave Amar a Jual mobile phone, and Amar asked Mohamed to follow Amar's instructions, because he knew the roads and would lead him to an attack site, to the place at which Amar worked in Israel, but I do not know where, and I asked them to detonate the explosive devices 100 meters from one another, and the two went out, each holding a bag containing the explosive device concealed in their clothes. After half an hour I called the mobile phone that was with Amar whose number we received from Naif Abu Sharah and Amar answered me. He had arrived next to the Hawara checkpoint. After 10 minutes I called again and Amar told me that they were next to the checkpoint but the checkpoint was closed and that there were many Arabs. Amar asked to bypass the checkpoint through the hills and I agreed to this, after 10 minutes I called Amar and Amar said that there were soldiers in the hills and therefore they could not bypass the checkpoint. Amar told me that Mohamed wanted to blow himself up near the soldiers, but I asked to talk with Mohamed and with Amar. I convinced him to return without carrying out the attack, and the two returned to the same apartment of my grandfather that they had departed from. Amar and Mohamed had argued with one another, because Mohamed wanted to commit suicide at the checkpoint and Amar wanted to carry out the attack inside Israel. In the end, the money and the mobile phone that we had given them earlier were taken away and we told them that we would be in touch with them.

Question: What did you do with the explosive devices that Mohamed Aliwi and Amar returned?

Answer: After the suicide bombers went to their homes, Amar and I returned the explosive devices and the mobile phone and the money to the cardboard box and we tried to call Naif, but he did not answer. At 7:00 p.m. I called Naif Abu Sharah and told him what had happened, and I told him that the explosive devices were in Grandpa's apartment and that I was afraid that they would explode. Naif said that he would come in another 5 minutes to me, and Naif arrived in a BMW vehicle, alone in the blue car, and Naif was wearing a black hat with marking. I opened the door of the apartment and transferred the explosive devices to Naif's car, and he left the place, and after that I met with Naif in Nasser Street. Naif told me to be in contact with the two suicide bombers Mohamed Aliwi and Amar Abu Shaaban, because at the first opportunity when the roads would be opened, we would send them on an attack. At night I called Jihad Abu Salah and asked him to tell Amar to come on the following day at 6:00 p.m. to the "Zait Vezaatar" Restaurant, but I did not come to the meeting because I had had an argument with my wife, and after that I approached Mohamed Aliwi and told him that in another two days time, once the roads would open, we would dispatch him on the attack, thereafter I approached Samer Akuba and told him that I was through with all the matter of suicide bombers and the attack, and if Naif would need Mohamed, he should approach Samer, because after the arrest of Mohamed Aliwi, Naif asked me how Mohamed was arrested and I said that I did not know. Naif asked me to organize him another suicide bomber instead of Mohamed who had been arrested. And I answered that I could not.

Question: Did you try to recruit other people to carry out suicide attacks?

Answer: 10 days after Mohamed Aliwi's arrest I met with Shadi Ouhak from Jebel Shimali from Nablus, aged 22, single, a student at al-Najjar University. I know him from the neighborhood, and I met with him in al-Nasser Street in Nablus, Shadi told me that he had a suicide bomber who wanted to depart on a suicide attack. Shadi told me that he wanted to build [missing word] for Bassal Bizri, a wanted man from Nablus, of the Al Aqsa Martyrs, and he is imprisoned today. I told him that Bassal has no dealings with suicide bombers, Shadi told me that the suicide bomber was his cousin from his father's side, so I called Amar Samhan, to the mobile phone whose number is 059312377, and told him that I had a suicide bomber, and I asked him to meet Shadi, and after a few minutes Amar came to the place alone. And Amar and I met with Shadi in the old city, and Shadi told Amar that his cousin from his father's side, aged 25, from the Ouhak family, wanted to carry out

a suicide attack, and he is detained today, and I left the place and I left Shadi and Amar there alone. In the evening I met with Amar Samhan, and he told me that he had fixed with Shadi that he would introduce him to the suicide bomber and that Amar and Shadi had met the suicide bomber and talked to him ~~and concluded~~ and concluded that they would meet on the following day, and Amar took the suicide bomber's telephone number.

Question: What is your involvement in the preparation of the suicide bomber from the Abdulhak family?

Answer: On the following day, at 7:00 p.m., when I was with Amar Samhan in the old city, Amar told me that he wanted to meet the suicide bomber in Bab Alsakha. Amar and I went there and we met the suicide bomber, who was fat, and I knew that his name was Nidal Abdulhak, and it was agreed that within two days we would dispatch him for an attack and that he must be ready. After two days, at 7:00 p.m., Amar called Nidal and asked him to meet with him, and Amar and the suicide bomber met next to Bab Alsakha, and I stood from afar, and Amar gave Nidal money for buying clothes and for a haircut, maybe 300-400 shekels, and asked him to write his will and have four small photographs and one small photograph taken [as written]. After that, Amar called the suicide bomber Nidal and asked him to come at 5:00 a.m. to the city in order to dispatch him for the attack. At midnight, the army entered the city and stayed until the morning, and therefore they postponed the attack, and in the night Amar Samhan and I called the suicide bomber Nidal and told him that the army had entered Nablus and that we would postpone the departure for the attack, and on the following day at 7:00 a.m. I and Amar called Nidal and we met with him in Hitin Street, and Nidal arrived in his white vehicle with which he works in distributing ~~newspapers~~ newspapers. Amar and I asked to send Nidal out for an attack on the following day at 5:00 a.m. and that we would call him and tell him where to go to. On the following day at 5:00 a.m. Amar and I went to Titi Bridge in the Jebel Shimali neighborhood and Amar called an unidentified man, and after a few minutes, a white car came to Titi Bridge, driven by an unidentified man, aged about 28, short, thin, with a mustache and a beard, with his hair brushed back. The following day I learned that the man was from the Shatia family, the brother of Iad Shatia, the commander of the plain clothes police in Nablus, this unidentified man got out of the car and talked with Amar, and Amar gave me the keys of the vehicle and told me that the vehicle had

an explosive device inside a bag. Amar asked me to call Nidal the suicide bomber, whose house was nearby, and I must put the bag on him and teach him how to activate the explosive device with the bag. The explosive bag had been modified by Naif Abu Sharah, because Mohamed Aliwi and Amar were familiar with the explosive devices and therefore Naif changed the color of the bag from black to light blue and from an oblong shape to a round shape, and Amar went with the unidentified man next to al-Watani School to meet others, and I called Nidal for him to come next to the Khaled Ibn al-Walid Mosque in Jebel Shimali, and after a few minutes, Nidal arrived alone and entered the car and got dressed in the new clothes, and took the explosive bag, and I explained to him how to activate the explosive device. The explosive device was in the bag, a blue school bag, which had two zippers, and he would have to open the top zipper and connect the batteries in the middle of the road. These are two small square batteries on the strap of the bag. There is a pocket for a mobile phone and inside it there is a red switch for activating the explosive device. I called Amar Samhan, [announcing] that the suicide bomber had changed his clothes and that he was carrying the explosive bag, and I transported Nidal in the vehicle of that man from the Shatia family, and took him next to al-Watani School. Amar and Shatia put the explosive bag into another, black bag. The explosive device was taken by Shatia, and he led the suicide bomber through steps to Faisal Street, and after a minute Faisal returned to the place where Amar and I were waiting. Amar asked me to take Shatia's vehicle to the city and wait there, and after that Amar came to me with Shatia and they took the vehicle, and in the evening I heard from Amar that the suicide bomber Nidal had been arrested before carrying out the attack.

Question: Did you carry out other attacks by yourself?

Answer: Four months ago, I participated four times in shooting at the army in Faisal Street, and with me in the shooting were 1) Na'il Shahil Abu Mahayub from Nablus, aged 25, he was wanted and he is detained, and he fired from a Kalashnikov, 2) Taisir Yusef Shahab, from Nablus, aged 22, who was killed, he fired from a Kalashnikov, 3) Sultan Tashtush from Nablus, aged 27, wanted, he fired from an M-16 and a pistol, 4) Mazen Fraitaikh from Nablus, killed, fired from an M-16, 5) Amar Samhan from Nablus, aged 30, single, wanted and today he is detained, fired from a black pistol 6) Abu Sa'id "Alwawi" from Nablus, operatives from the Shaashir family from Burin

Question: Did you place explosive devices against the army?

Answer: Last summer in August 2002, I participated with others in the placing of an explosive device in Faisal Street in Nablus next to "Tankiat", where there is a metal shop, and with me were 1) Amar Smahan, 2) Ahmad Jadallah who was killed, 3) Alaa Maflah who was killed, 4) Na'il Sahal, 5) Mazen Freitakh who was killed, the explosive device was prepared by Ahmad Jadallah, and was brought there by him, the explosive device was from an orange gas cylinder weighing 5 kg, with wire activation. We placed the explosive device 3 times. The first time the army did not pass by and on the second occasion we tried to detonate the explosive device and it did not explode, and in the third attempt we activated the explosive device and we replaced the batteries and the explosive device exploded next to a tank, there were no casualties, in addition, after the death of Ahmad Jadallah, in the month of October 2001, we placed an explosive device in Faisal street in Nablus next to the eastern taxi stop, and in the incident were 1) Na'il Sahal, 2) Bassam or Bassam Abu Saria, alias "Qadaffi", from Nablus, aged 28, wanted, Fatah, average build. 3) and Mazen Fraitakh and three other people, and we agreed that we would be in the afternoon [as written] and we would wait for the army, and they called me in order to participate in placing the explosive device, and when I was on my way there at night, I heard an explosion and gunfire and fled to the Ras al-Ain neighborhood and met those whom I mentioned, and they asked me why I did not participate with them, and I answered that it was because I was on my way and I did not have time to get there, and they told me that they had immediately placed the explosive device and a tank arrived at the site and they activated the explosive device.

Question: Did you receive money from Naif Abu Sharah for your activity?

Answer: Naif Abu Sharah, alias "Abu Fathi" gave me at first 100 shekels, and he had a page on which he wrote the names of the operatives to whom he gave money, and Naif always had a lot of money, and he is responsible for the Tanzim in the old city of Nablus. After that I received from Naif 1000 shekels after recruiting Mohamed Aliwi for an attack, and after that I received from Naif 800 shekels per month as a salary for my activity. I know that Naif gives financing of 1000 shekels to Bassal Bizri from Nablus, aged 26, married, wanted, and he has been arrested now, and to Amar Samhan, and to Mazen Fraitakh and to Amad Ashabi from Nablus, aged 30, wanted, short, with a large build, and to Bassam Abu Sharia, and that is it, and I have nothing more to add.
